

## PRESS RELEASE

### SEQUENCING RESULTS

The Ministry of Health and Wellness has received the latest results for 78 successfully sequenced COVID-19 positive samples, registered between the 17<sup>th</sup> November and 19<sup>th</sup> December 2021. The sequencing was carried out by the Central Health Laboratory.

The 78 positive samples included: **49 samples originating from the local community** and **29 from incoming passengers**.

The sequencing results are as follows:

- **Delta Variant:** 57 cases (49 local samples and 8 incoming passengers)
- **Omicron Variant:** 21 cases (all incoming passengers)

**28 December 2021**
