COMMUNIQUE ON THE SITUATION IN GAZA

Mauritius strongly condemns the launch of massive airstrikes by Israel on Gaza on Tuesday 18 March 2025, which have killed over 400 Palestinians, including many innocent women and children.

Mauritius deplores the re-start of hostilities leading to persistent and atrocious acts of violence in Gaza.

Mauritius reiterates its appeal for an immediate and permanent ceasefire, and for an early resumption of negotiations for a peaceful and long-lasting resolution of the Israel-Palestine conflict without any preconditions.

Mauritius reaffirms its unwavering support and solidarity with the Palestinian People and their inalienable rights for self-determination.

We reiterate our call for the establishment of an independent State of Palestine living side by side with Israel, in line with the Two-State solution, in accordance with all relevant United Nations resolutions.
